

A man in a dark sweater and light shirt stands in a warehouse, smiling and holding a folder. The background is filled with stacks of boxes and equipment, creating a sense of a busy industrial environment.

Unleash the **power of leasing** and build
organisational **investment resilience** ...(We'll show you how)

OAKLEASE
Equipment Leasing Specialists

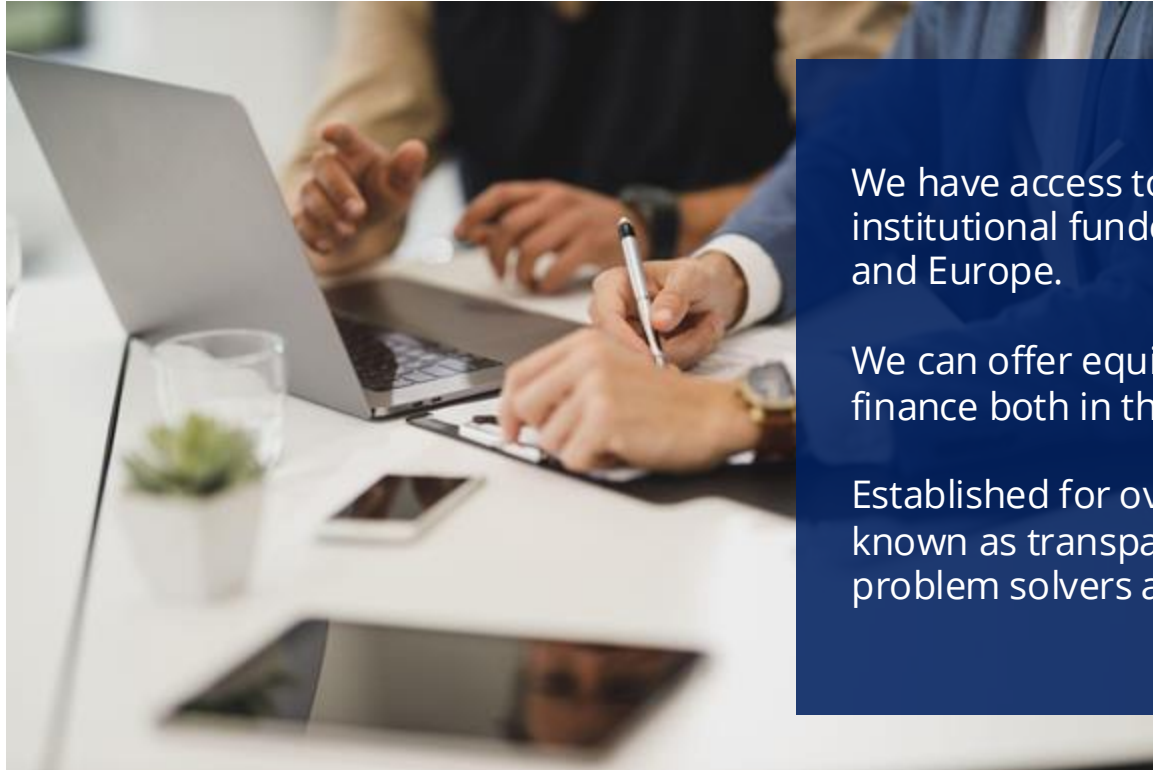

Oak Leasing will help you beat the economic headwinds in 2025 in Europe.

- ❌ Traditional revenue models are under enormous pressure
- ❌ Customers cashflow capabilities continue to dwindle
- ❌ CAPEX/OPEX deals are under stress thanks to one CFO Question: **Why Now?**
- ❌ The demand for leasing in the values of €25k to €500K is growing as banks and traditional funding sources retrench.

OAKLEASE
Equipment Leasing Specialists

In a nutshell !

We have access to over forty banks and institutional funders and lessors across the UK and Europe.

We can offer equipment leasing, HP and invoice finance both in the UK and Europe.

Established for over thirty three years, we are known as transparent, trusted, experienced problem solvers across Europe.

OAKLEASE
Equipment Leasing Specialists

That's why we're helping
suppliers and manufacturers all over Europe
with their **Revenue Resilience**
through enabling their salesforce to
close more without discounting.

Revenue Resilience is built on Oak Leasing

It starts with offering your customers finance options designed to negate the worst of economic headwinds and a general slowdown of European economies

Equipment Leasing

Re-invigorate your closed lost opportunities for being too expensive or wrong time.

Handle pricing objections without giving discounts

Invoice Finance

Our Confidential Invoice finance will assist your cash flow .

With payment up to 90% of invoice within 24 hours, including Europe

Overcoming Objections

Give your salesforce robust financing strategies to help your customers reduce the impact of economic headwinds.

Beat the CFOs favourite question: **Why Now?**

Reducing Complexities

Compliance is always a headache.

We can take away that complexity away from you by handling it all with our panel of European funders.

Complex and challenging? Oak can help your investment decision making.

Industry: Catering

Region: Europe 30 Countries

“One of the worlds largest fast food organisations needed a single leasing solution to support all of their outlets in Europe covering over 30 countries.

Equipment varied from Menu Boards, IT, Epos, Ovens, and a multitude of other equipment from suppliers around the world including USA, UK and Europe.

Through consolidating and structuring finance through Oak, we helped them overcome the challenges of multiple suppliers, cross-border funding, language & locality, and lease agreements in their respective local language.

Furthermore, Local sales training for the suppliers was provided throughout.”

OAK LEASE
Equipment Leasing Specialists

Wherever in Europe, Oak can help you.

Industry: Electronic Manufacturing
Region: Multiple European Countries

"A leading electronic specialist manufacturer in Denmark were unable to move forward with their existing funder with a potential customer.

Oak succeed in arranging finance with their customer in a very short timescale.

Our Partnership together has ensured Oak arranging funding for two further customers, both in different European countries."
